William Lounge chair

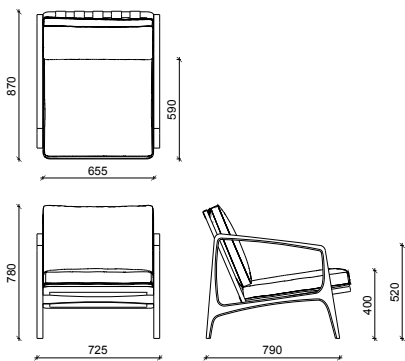

William lounge is a chair with statement character, inspired by the classics of 20th century design. We bring our own interpretation of a classic archetype that will bring you a nostalgic feeling with contemporary language. Made with a high standard of quality and ergonomics where all non-essential elements were stripped off. The back leather stripes are more than just a reference, it's also to improve the seating smoothness.

Optional elements:

-Customer's own fabrics or leather.

Old Fashioned Sideboard

Like the famous drink, this sideboard resembles a product shape that it's well known of us. So as the concept, this clean lines product was thought to last, from the design that allows its own discreet presence, to eye-catching details. The bar area is highlighted by a distinct color as so the wooden stripes. The metal inlays on base show how a structure can be involved in aesthetics.

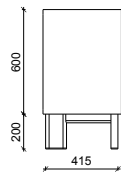

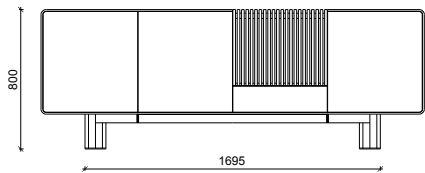

Optional elements:
-Bespoke color.
